

# MEASURING TAPE 5.5 M

**Luna**  
TOOLS

- ▶ Suited for measuring planks up to 5.5 m
- ▶ Small format – fits in pocket
- ▶ Class I – highest tolerance class
- ▶ Prepared for tool fall protection

## MEASURING TAPE

High-class measuring tape. Enclosed casing made of impact and cold resistant ABS plastic. Straight rear edge for internal measuring. Rubber detail for increased comfort and grip. Steel tape with double nylon coating on a yellow, non-reflective surface for maximum visibility and high wear resistance. CC 30/45/60 measurements on the back of the tape for easy stud positioning. Movable end hook and belt clip. Best tolerance class I. Tool fall protection available with accessories.
