## HOLDER EASYCHANGE

Quick replacement holder for holesaws. Heavy-duty design to handle tough tasks and regular use. Luna Tools EasyChange minimises the time needed to replace a holesaw. Screw the supplied adapter onto the holesaw, then EasyChange is ready for use. It's easy to secure the holesaw – simply draw back the EasyChange holder then release it when the holesaw is in place. Two adapters are included: One for holesaws up to 30 mm and one for holesaws 32 mm and above.
