## DIAMOND MILL

Diamond mill designed for angle grinder with M14 shank. To enlarge holes, make oval holes or other adjustments after drilling. For materials such as tiles, clinker, stoneware tiles, granite, ceramic tiles, marble and other stone-based materials.

Item no	Description	Diameter	Length	Shank diameter
212970107	DIAMOND MILL M14 8MM	8	80	M14
212970206	DIAMOND MILL M14 20MM	20	80	M14

## SAW BLADE 184X16

Saw blades for professional use with sound absorbing laser grooves in the main blade. Thinner main blade that fits both battery powered and mains powered machines. Available for most hand circular saws on the market. Splitting blades have a specially designed teeth guard for safer sawing. Tungsten carbide teeth. For machining wood, chipboard and plywood.

Item no	Description	Diameter	Hole diameter	Slot width	Blade body thickness	Teeth	Front angle
277600516	SAW BLADE TCT BS 184X16 Z44	184	16	2,2	1,3	44	8°
277600524	SAW BLADE TCT BS 184X16 Z28	184	16	2,2	1,3	28	20°

## HAMMER DRILL 50 MM

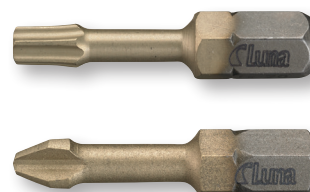

Hammer drills with SDS-Max shank. With tungsten carbide cutters. For drilling holes in concrete, granite, brick and other similar building materials.

Item no	Description	Diameter	Auger length	Total length
201743004	HAMMER DRILL SDS MAX 50,0X570	16	450	570

## BITS PRIME 10-PACK

Prime. Torsion bits for TX heads, specially treated head with double surface coating, making the head extra durable. 10 PCS.

Item no	Description	Slot size	Torsion
274910124	BITS TX10 PRIME 29MM (10)	TX10	Yes
274910223	BITS TX15 PRIME 29MM (10)	TX15	Yes
274910322	BITS TX20 PRIME 29MM (10)	TX20	Yes
274910421	BITS TX25 PRIME 29MM (10)	TX25	Yes
274910629	BITS TX30 PRIME 29MM (10)	TX30	Yes
274910728	BITS TX40 PRIME 29MM (10)	TX40	Yes
274910926	BITS PH2 PRIME 29MM (10)	PH2	Yes

## BITS PRIME SET

9 pieces bit set containing Prime bits for TX, PH and PZ. Suitable for impact machines. Supplied in a plastic case. 1/4" hexagonal drive.

Item no	Description	No of pcs	Contains
291140200	BITS PRIME SET 9 PCS	9	TX10, TX15, TX20, 2xTX25, 2xTX30, PH2, PZ2

## ELECTRICIAN HAMMER

Luna Electrician hammer is specially designed for nailing cable clamps to electrical cables. An integrated measuring scale on both sides makes it very easy to measure the exact clamp distance. Prepared for tool securing.

Item no	Description	Length	Weight
290040104	ELECTRICIAN HAMMER ETH 300	300 mm	420 g
290041011	STRIKING HEAD ETH 300	-	-

## FORGING HAMMER

Square-faced forging hammer with peen hammer at other end. Extra durable handle in environmental certified hickory provides a safe and comfortable grip. Rubber handle guard and socket for tool fall protection.

Item no	Description	Length	Head size
272680109	FORGING HAMMER FSHH 900G	350 mm	35x35 mm
272680208	FORGING HAMMER FSHH 1200G	370 mm	39x39 mm
272680307	FORGING HAMMER FSHH 1500G	390 mm	42x42 mm
272680406	FORGING HAMMER FSHH 2000G	430 mm	45x45 mm

## WRECKING BAR FLAT 380

Flat iron wrecking bar. Suitable for breaking and adjusting smaller and more sensitive things. Can also be used as a scraper for cleaning paint or cement residues for minor molding work. Various functions for nail extraction. Holes for tool securing.

Item no	Description	Length	Prepared for tool fall protection
270880115	WRECKING BAR FLAT 380	380 mm	Yes

## CROWBAR 600 MM

Crowbar made of hexagonal steel. Hardened and tempered for good elasticity and function. Painted green. Supplied complete with fixing components for tool fall protection AISI 316.

Item no	Description	Length	Prepared for tool fall protection
271480212	CROWBAR LUNA 600E	600 mm	Yes

## PRY BAR 1200 MM

Steel pry bar, hardened and tempered. Square head and hexagonal shaft.

Item no	Description	Length	Prepared for tool fall protection
270900004	PRY BAR LUNA 1200 5 KG	1200 mm	Yes

## BLADE GLASS SCRAPER

Knife blade SK2H for glass scraper. Carbon steel with alloying elements to achieve extreme sharpness and a long service life, HRC 64. One of the best blades on the market.

Item no	Description	Blade length	Material
272830209	BLADE GLASS SCRAPER SK2H 50ST	39 mm	SK2H

## JIG SPEED SQUARE

Adjustable stop for speed square. In cases where you need to lock a certain angle and repeat, this little accessorie will fit perfectly.

Item no	Description
293030102	JIG SPEED SQUARE
